### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

At page 1, line 4, change "June 26" to --June 25 --.

End of examiner's amendment

Comment: this amendment corrects the incorrectly provided filing date of the provisional application filing date.

2. The following is an examiner's statement of reasons for allowance: No prior art has been found to teach or render obvious the invention defined in the pending claims, where a complex baseband signal is converted to a digital IF composite signal which is then predistorted and the predistorted signal is converted back to a complex baseband signal before upconversion to RF wherein the error in the predistortion is computed as a difference between the predistorted signal and the non-predistorted signal and the predistortion loop-up-table uses switchable dual memories wherein one is updated while the other is used.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
